Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

This CK is located on the WNW side of Danger Bay (58° 12.2' N Lat by 152° 35.5' W Long). Surveyed by foot via NW Cotte. CK is located 50 yds East of Stream # 335. Fresh logging cuts just to the North of this area. Scattered brush with thick spruce trees. SEE 1989 Kodiak Stream Book

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
